07391806924 | anchanaa.abayakaran@gmail.com | [LinkedIn](#)

Motivated Computer Science undergraduate at the University of Warwick, with a strong foundation in programming, data analysis, and problem-solving. Proven ability to lead technical projects, develop innovative applications, and communicate complex ideas effectively. Seeking opportunities to apply my skills and passion for technology in impactful roles.

Education

University of Warwick, UK

September 2024 – July 2027

- **BSc (Hons)** Computer Science with a Year in Industry
- Creative Director for TEDxWarwick

St Helen's School, UK

September 2009 – July 2024

- **A-levels:** Mathematics (A*) Further Mathematics (A) Computer Science (A) Chemistry (B) EPQ (A*)
 - **11 Grade 9 GCSEs** including Maths (9) and English Language & Literature (9)
-

Work Experience

Electronic Arts Product Management Job Simulation on Forage

February 2026

- Completed a job simulation where I developed a solid understanding of different KPIs, and selected the most appropriate KPIs for measuring and assessing specific business problems related to a strategy RPG mobile game.
- Demonstrated my knowledge of key performance indicators within the video game industry.
- Broke down tasks for creating a data-driven video game presentation.

Private Tutor | Remote

2022 - Present

- Tutored several 11+ students in English, Mathematics, Verbal Reasoning and Non-Verbal Reasoning which improved ability to decompose problems and communication skills.

Bright Network IEUK Virtual Internship, Student Leadership Board Member

July 2025

- Selected for a leadership role from a large pool of applicants for the Bright Network IEUK Internship.
- Answered a live interview presentation on assessment centers to an audience of over 5,000 attendees, demonstrating strong public speaking and communication skills.

Bright Network Women in Tech Event 2025, Student Leadership Board Member | London

March 2025

- Appointed to the Student Leadership Board to assist with the planning and execution of a large-scale event for women in technology.
- Designed and executed a remote icebreaker session and contributed to day-of event organization, enhancing engagement and providing a positive experience for over 1000 participants.

Solidatus | London

August 2023

- Gained practical insight into full-stack software development and professional coding practices by shadowing experienced engineers.
- Applied learning to independently build a **custom data lineage model**, enhancing technical proficiency and adaptability.

- Strengthened logical reasoning and cryptographic skills through advanced problem-solving challenges.

ECS Taster Course | Southampton University

July 2023

- Designed a solution using EMGs to detect hand movements, addressing a UN Sustainable Development Goal.
- Presented the project to industry experts, showcasing quick problem-solving during Q&A sessions.

Teens in AI Hackathon | St Helen's School

February 2023

- Led backend development as "Lead Programmer" for an AI-powered postnatal care app aligned with a UN Sustainable Development Goal.
- Ensured secure, anonymized data handling and addressed ethical considerations in app design.
- Delivered a successful pitch to industry experts, highlighting innovative features and technical execution.

Year 9 Tutoring | St Helen's School

- Provided tailored tutoring to two Year 9 students, focusing on improving mathematical understanding and exam confidence.

Projects

AI-Powered Postnatal Care App: Collaborated with a 4-person team to develop the prototype of a symptom tracking app for postnatal care, integrating secure backend functionalities.

Data Lineage System: Designed and implemented a data lineage visualisation model during a placement at Solidatus, aligning with company standards.

Key Achievements

- **LAMDA** Grade 8 Acting & Grade 7 Public Speaking
- Duke of Edinburgh (**DofE**) Gold Award
- **ABRSM** Grade 8 Flute, Grade 7 Piano, and Grade 6 Singing
- Distinction in UK Mathematical Olympiad for Girls (**MOG**)
- Gold in UK Senior Mathematical Challenge (**SMC**)
- Bronze in Cambridge Chemistry Challenge

Technical Skills

- **Programming Languages:** Python (Intermediate), Java (Intermediate), C# (Beginner), SQL (Beginner)
- **Hard Skills:** Object-oriented programming, Back-end development, Agile methodologies
- **Soft Skills:** Public Speaking, Team Collaboration, Time Management

Extracurricular Activities & Interests

- **Leadership Roles:** First Flute in Orchestra, CCF Army Sergeant, Founder of SwiftSoc for Sixth Form
- **Activities:** Badminton, Lacrosse, Yoga, Singing, Flute, Piano
- **Languages:** Tamil (Native), English (Fluent), Spanish (Elementary)
